

## Invitation to the guest lecture

### “Modeling brain networks in health and disease”

**Prof. Dr. Simon Eickhoff**

Department of Psychiatry, Psychotherapy and Psychosomatics  
RWTH Aachen University

Thursday, 6<sup>th</sup> of October 2011, 5:00 pm

Lecture Hall G, Psychologicum  
Left wing, 2nd floor  
Liebiggasse 5  
1010 Wien

Univ.-Prof. Dr. Claus Lamm

Fakultät für Psychologie  
Liebiggasse 5  
1010 Wien

For more information on guest lectures,  
please see the news at:  
<http://psychologie.univie.ac.at/scan-unit>  
or

**Biography****Education**

1999-2006: Medical school, RWTH Aachen

2005-2006: Medical training in Sheffield and London

2001-2006: Doctoral student, Heinrich-Heine University Düsseldorf

**Research interests**

- Integrated analysis of brain structure, function and connectivity
- Neuroinformatics: modelling and synthesis of neuroimaging data
- Action control and perceptual representation

**Professional experience**

5.2006 – 12.2008: Research fellow, Institute of Neuroscience and Biophysics,  
Research Center Jülich

Since 12.2007: Visiting Lecturer, Academic Department of Psychiatry, University  
of Sheffield

1.2009 – 10.2011: Assistant Professor, Dept. of Psychiatry, Psychotherapy and  
Psychosomatics, University Hospital RWTH Aachen

From 11.2011: Associate Professor, Institute for Clinical Neuroscience and  
Medical Psychology, Heinrich-Heine University Düsseldorf
